

Business Intelligence Consultants / Developers

Montage is a highly successful professional services organisation and has one of the largest BI practices in the country. Due to unprecedented growth we are recruiting for the following positions at our head office in Christchurch;

- Principal Consultant – Business Intelligence / Data Warehousing
- Senior Consultant /Developer – Business Intelligence / Data Warehousing
- Intermediate Senior Consultant /Developer - Business Intelligence / Data Warehousing

Your technical and communication skills will be of the highest standards, with 5-10+ years of solid commercial experience working with any of the following:

- MS SQL Server
- MS Business Intelligence Tools – SSRS, SSIS, SSAS
- ETL tools (e.g. Wherescape RED)
- Visualisation tools: Power BI, Tableau etc.

We have a team of talented professionals who are leaders in their respective fields across the business intelligence stack, so you will thrive in our environment.

Montage Business Intelligence is a Microsoft Gold partner, 1 of 15 worldwide premier partners of Tableau, and actively partners with other best of breed technical and business organisations.

We pride ourselves on being a supportive environment, where learning and teamwork is important.

Montage pay above market rates and relocation allowance within NZ would be offered if required.

For a confidential discussion about the role; telephone Tony on 021 1902 571 or send a covering letter and CV to cv@montage.co.nz
